

Louver Dampers Technical Specification

Technical Reference Document

This document provides general reference information. Final engineering selection and certified specifications should be confirmed from the applicable manufacturer/project documentation.

Parameter	Reference Information
Product	Industrial HVAC / ventilation louver damper
Construction	Multi-blade louver assembly
Frame	Galvanized steel / aluminium / stainless steel
Blade Control	Manual, pneumatic or electric actuator
Applications	Air handling units, ventilation and process air systems
Leakage	Performance depends on blade seal and construction class
Selection	Specify airflow, pressure drop, dimensions and actuator requirements.

Document note: Dimensions, ratings, materials and performance are indicative unless a specific manufacturer/model is stated.
